Colour Interlayer Available

- White
- Blue
- Green
- Purple
- Aqua

SLT.02:

Very soft translucent effect, almost smoky , with high vision.

SLT.04:

Much whiter in appearance, but still has some visibility through the interlayer.

SLT.12:

Obscure, ideal for privacy, reasonable light transmission.

SLT.25:

Dense, with minimal light penetration

SLT.75:

Basically solid in appearance, comparable to colour backed glass. Ideal for spandrel glass.
